EASY-TO-MAKE...

HALLOWEEN CUPCAKE TOPPER

It looks like this witch has dived right into our cupcake topper project!

You will need:

- Black card
- Stripy pipecleaner (or two pipecleaners twisted together)
- Metallic pens

Other things you'll need:

- Scissors
- Cocktail sticks
- Sticky tape and/or double-sided sticky tape

How to make it:

- 1 Cut out the template shapes below from black card. You'll need 2 of each shape.
- 2 Decorate the witch's skirt pieces with metallic pens. Use metallic pens to draw shiny buckles on the witch's shoes (don't forget to make a left one and right one).
- 3 Cut a length of stripy pipecleaner about 15cm long. Bend it into a 'V' shape.
- 4 Attach a shoe to each end of the pipecleaner with a small piece of sticky tape.
- 5 Lay one skirt piece on the table in front of you, decorated side down and with the zig-zag edge at the top. Stick the cocktail stick onto the skirt piece with sticky tape, ensuring at least half of it extends over the bottom straight edge of the skirt piece. This is the bit which will stick into the cupcake.
- 6 Attach the pipecleaner legs to the skirt piece with sticky tape, ensuring the point of the 'V' points downwards.
- 7 Stick the second skirt piece on top using double-sided tape or more sticky tape.
- 8 Push the cocktail stick into a cupcake for a fiendish addition to the Halloween treats!
