

# CORK PRINTING SPRING CARDS

1

Have fun printing  
with corks!

## You will need:

- Assorted corks
- Ready-mixed paints
- Coloured card
- Green coloured paper

## Other things you'll need:

- Glue
- Scissors
- Painting or inking trays
- Pencil

## How to make it:

- 1 Take a piece of coloured card and fold it in half widthways.
- 2 Prepare for your cork printing by dispensing some paint into painting or inking trays.
- 3 Dip one end of a cork into some paint and dab it onto the folded card. Aim for a roughly triangular shape to represent a hyacinth. Use more than one colour if you like.
- 4 Set aside the printed picture to dry.
- 5 Meanwhile, take a piece of green coloured paper. Draw around your hand with a pencil and cut out the shape. Repeat to make two hand shapes.
- 6 Glue the paper hand shapes in place on the printed card to make the hyacinth's leaves. Trim off any excess at the bottom with scissors.
- 7 When the paint and glue is dry, this card is ideal to use as an Easter or Mother's Day card, or for any springtime celebration.
