

# PAPER PLATE DRUM

1

Make music and  
celebrate Chinese  
New Year

## You will need:

- 2 x paper plates
- Red paint
- Jumbo lollipop sticks
- String
- Gold and silver bells
- Dragon print-out (optional)

## Other things you'll need:

- Glue
- Scissors

## How to make it:

- 1 Paint the underside of each paper plate red.
- 2 Once the paint is dry, glue the lollipop stick to one of the plates, on the unpainted side.
- 3 Next, take two lengths of string and thread bells onto the ends of each piece. Tie to secure.
- 4 Glue a piece of string to either side of a plate (glue on the unpainted side).
- 5 Sandwich the plates together with glue, with the painted side outwards.
- 6 When the drum is dry you can decorate it with a print-out of a dragon as above or draw your own, cut out and glue in place.
- 7 Make music by twirling the drum in your hand from side to side.
