REMARKS: Urgent For your review Reply ASAP Please Comment

Dear Miss Parry,

3M™POST-IT NOTES.

Please refer to enquiry requesting health and safety information on the above product.

This product is not considered to pose a significant hazard to health when used according to manufacturer's instructions. Used under these conditions, the product is not expected to release, or otherwise result in exposure to, a hazardous chemical, nor is the product classified under the CHIP regulations.

We believe that "adequate" information on this product is provided through our product labels, instructions for use and technical data on product performance and application. We do not believe that further information is required to allow for adequate assessment of the hazards associated with the manufacturer's intended use of these products.

Yours faithfully,
 3M UNITED KINGDOM PLC
